

Run.for Diversity

D5.1. Stakeholders targets

Co-funded by
the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Stakeholder Mapping

Overview

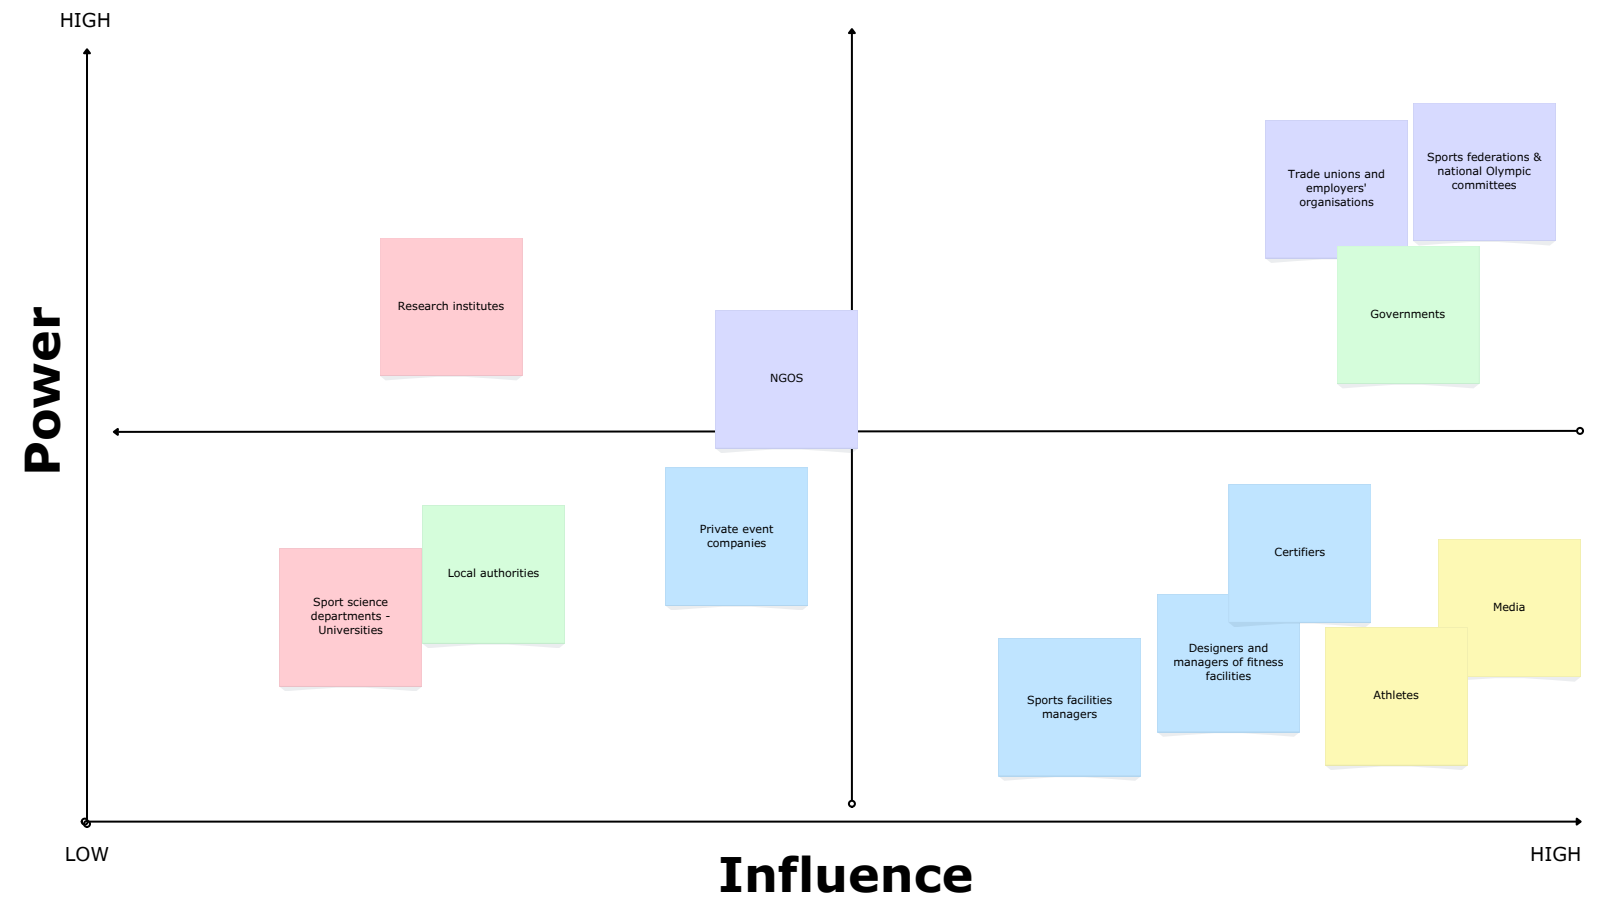

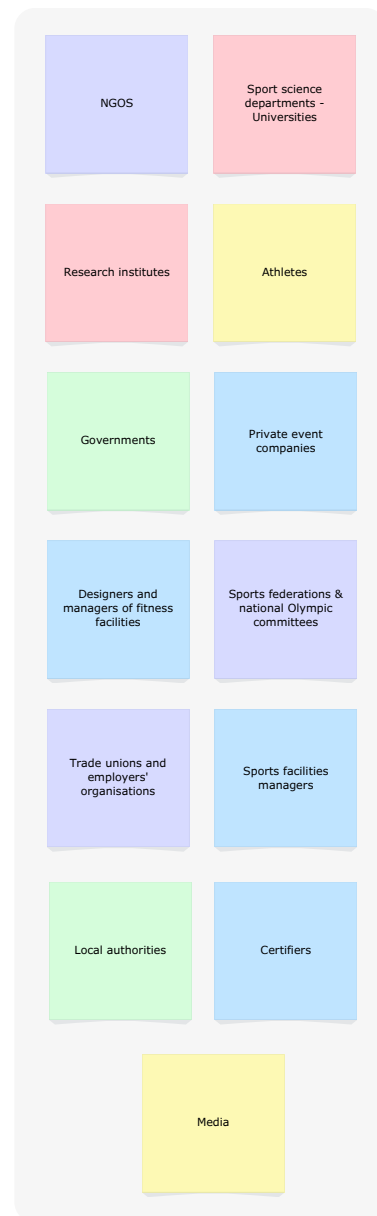

A **Stakeholder Map** identifies the stakeholders of the ecosystem of network headend, influences, who can push our topics of CSR (health, social, sustainability, diversity, and workplace).

Why use it:

- To make smart decisions on how to engage stakeholders
- To create and visualise the network of players
- To help new actors on the subjects of sport, diversity, eco-responsibility and inclusion.

Power: the ability or capacity to do something or act in a particular way.

Influence: the power to have an effect on people or things
